

DESCRIPTION

eOx® BIO-DERUSTER is an amazing rust eliminator.

A product of extensive research, eOx® BIO-DERUSTER has been proven effective to remove even deep rust on all types of mild steel and iron. It is safe on all surfaces and will not harm copper, brass, aluminium, plastic, rubber or vinyl.

eOx® BIO-DERUSTER is non-toxic, non-corrosive, and biodegradable and contains no acids or alkalis.

It is non-flammable and contains no petroleum solvents. eOx® BIO-DERUSTER will not affect un-rusted steel.

APPLICATION

Pre-clean item to remove oil and dirt with eOx® Economic, eOx® Economic OFS or eOx® H.D.C.

Rinse item and immerse it fully in eOx® BIO-DERUSTER for at least 20 minutes.

Check progress periodically. Once rust is removed, rinse item with water. To prevent re-rusting simply dip the item back in BIO-DERUSTER and allow drying.

Deeply rusted parts (> 5mm) may require overnight soaking.

eOx® BIO-DERUSTER can be used over and over until performance drops off.

When ready to dispose of spent BIO-DERUSTER, only the iron content of the solution will dictate disposal method. In most cases, it can be safely put down the drain.

SPECIFICATIONS

Purpose	Deruster
Usage Temperature:	Room temperature
Storage Temperature:	Frost free
Solubility in Water:	100%
Flashpoint	n.a.
pH-value	ca. 6
Waste information	Removal as waste according to local and national prescriptions

Packaging size: 25 LITER JERRYCANS - BARREL 210L – IBC 1.000L

Shelflife: 4 YEARS
