

DESCRIPTION

eOx Aircraft Cleaner Fluid is a very powerful water-based exterior cleaner for aircraft and helicopters.

eOx Aircraft Cleaner Fluid is solvent free and waste water friendly. The product was developed at the request of experts engaged in the business of commercial and military aircraft maintenance. The high PH value of the product produces a vigorous and efficient cleaning effect. The product will not affect aluminium as it contains special inhibitors to enable safe application. In addition to its non-corrosive qualities, the product is highly appreciated by users in the aviation industry for its optimal performance. Depending of the level of contamination to be removed, the product may be diluted with water, as shown below. With heavy contamination, such as oil, fuels, carbon and grease residues in the engine exhaust area and landing gears, the product may be diluted 1:2 (water). For general cleaning purposes the product requires a dilution of 1:20 (water)

The product has been tested and certified in the USA by SMI Inc. conform Boeing and Douglas specifications.
