

Economic Universal Cleaner

Produkt-Code: **2184**

DESCRIPTION

eOx® Economic Universal Cleaner is a very special powerful general purpose cleaner with a broad range of applications for “in situ” cleaning. Especially designed to meet stronger local legislation, solvent free and human and wastewater friendly.

This product is highly appreciated by his users by his optimal performance. Depending of the contamination Economic is diluted with water as below.

APPLICATION

User's concentration

examples depending on dirt level

- 1 : 30 for removing paraffin, oil, grease, soot and nicotine deposits, etc.
- 1:10 for cleaning boats, wheels, walls, ceilings, doors, engine rooms etc.
- 1:15 for cleaning kitchens, toilets and fittings, carpets, hard synthetic materials,
- 1: 40 – 80 for cleaning cars
- 1:150 for cleaning storage tanks, tank walls, rail-tankers etc.

Removes all kinds of oil, grease and dirt from surfaces without effort.

“Surpasses” performances of other “Alkaline” cleaning agents due to its faster and more intensive action. Removes unpleasant odors and has, itself, a fresh smell. Very economical in use.

SPECIFICATIONS
